

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

AEP Ohio representatives plan to upgrade the local electric grid in Pike, Jackson and Gallia counties.

The Baku - Gavin 765 kV Transmission Line Project involves building about 50 miles of 765-kilovolt (kV) transmission line between the proposed Baku Station in Pike County and the existing Gavin Station in Gallia County. The accompanying map shows the project area. Please use this map only as a general guide due to its reduced scale and limited detail.

Company officials filed the improvements with the Ohio Power Siting Board (OPSB) on July 24, 2026 as the Baku - Gavin 765 kV Transmission Line Project, Case No. 26-0426-EL-BTX. The OPSB certified this application as complete on Aug. 28, 2026. The application to construct, operate and maintain this facility awaits OPSB review.

The public hearing process in this case consists of two parts: a local public hearing and an adjudicatory hearing.

(1) Local public hearing: 6 p.m., Oct. 27, 2026 at Jackson High School Auditorium, 500 Vaughn Street, Jackson, OH 45640. At this hearing, the public will be given the opportunity to comment on the proposed project.

(2) Adjudicatory hearing: 10 a.m., Nov. 5, 2026 at the offices of the Public Utilities Commission of Ohio, 180 E. Broad St., 11th Floor, Hearing Room 11-C, Columbus, Ohio 43215. This hearing is open to the public, however participation is limited to the parties in the case.

The OPSB accepts written or oral testimony from any person at the local public hearing, pursuant to Ohio Revised Code 4906.08(C).

Petitions to intervene in the adjudicatory hearing will be accepted by the Board until Sept. 28, 2026. However, the Board strongly encourages interested persons who wish to intervene in the adjudicatory hearing to file their petitions as soon as possible. Petitions should be addressed to the Ohio Power Siting Board, Docketing Division, 180 E. Broad St., Columbus, Ohio 43215-3793 with a reference to Case No. 26-0426-EL-BTX.
