

# NOTICE OF PUBLIC INFORMATION MEETING FOR PROPOSED MAJOR UTILITY FACILITY

## AEP Ohio Schedules Open House to Discuss Electric Transmission Line

AEP Ohio, a unit of American Electric Power (AEP), and the AEP Ohio Transmission Company Inc. invite residents to attend a public informational open house regarding plans to build an electric transmission line in Franklin County.

To learn more about this project, the public is invited to attend a project open house **July 11 at Fellowship Baptist Church, 6720 Shier Rings Road, Dublin, Ohio 43016. Doors open at 5:30 p.m. The open house will run until 7:30 p.m.** The open house will run until 7:30 p.m. The informational open house provides the public the opportunity to meet and talk with project representatives. There is no formal presentation. Visitors may come and go at any time during the workshop. Residents can ask questions of project team members and learn more about the new transmission line.

The Dublin West Innovation District Improvements involves building about 3 miles of double circuit 138-kilovolt (kV) and upgrades at two existing substations. This project is located in Perry and Washington townships and the west side of the city of Dublin in Franklin County. This project supports local economic development and improves the electric service reliability by adding another source of power for our customers. The new line will be built primarily on single pole, steel structures. AEP Ohio anticipates completion of this project in spring 2019. Early estimates show this is an approximate \$12 million investment.

Once the new transmission line is completed and operational, the company plans to remove about 6 miles of transmission wire from a line that connects a substation near Sawmill Road to the Dublin Substation.

AEP Ohio Transmission Company anticipates its regulatory filing for the Dublin West Innovation District Improvements with the Ohio Power Siting Board in late summer 2017.

The Ohio Power Siting Board is responsible for reviewing information related to the project – including input from the public – and determining whether the proposed project should be approved. It should be noted that due to reduced scale and limited detail, this map should be used only as a general guide.

Additional information about this project can be found online at [AEPOhio.com/WestDublin](http://AEPOhio.com/WestDublin). The public also can ask questions or make comments about the project by calling 614-552-1929 or 877-215-9261 or sending an email inquiry to [ecmiller1@aep.com](mailto:ecmiller1@aep.com). Mail inquiries may be sent to the following address:
