

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

AEP Ohio Transmission Company Inc. (AEP Ohio Transco) proposes to rebuild a 138-kilovolt (kV) transmission line in Starr, Green, Falls and Good Hope townships in Hocking County.

The purpose of the Poston-Good Hope 138-kV Transmission Line Rebuild Project is to rebuild an existing 138-kV transmission line within existing right of way. This project will help improve and maintain electric service reliability in south central Ohio. AEP Ohio Transco will build the new line using standard single-pole, steel structures. The overall Poston-Good Hope transmission line is about 25 miles long. This project will rebuild about half of this line. This project will be an approximate \$15 million investment by AEP Ohio Transco. Construction is scheduled to begin in November 2016.

The project is known as the Poston-Good Hope 138-kV Transmission Line Rebuild Project. AEP Ohio Transco has filed a Letter of Notification with the Ohio Power Siting Board, under Case No. 16-1486-EL-BLN. This number should be included in all communications with respect to this project. The Letter of Notification to construct, operate and maintain this facility is pending before the board.

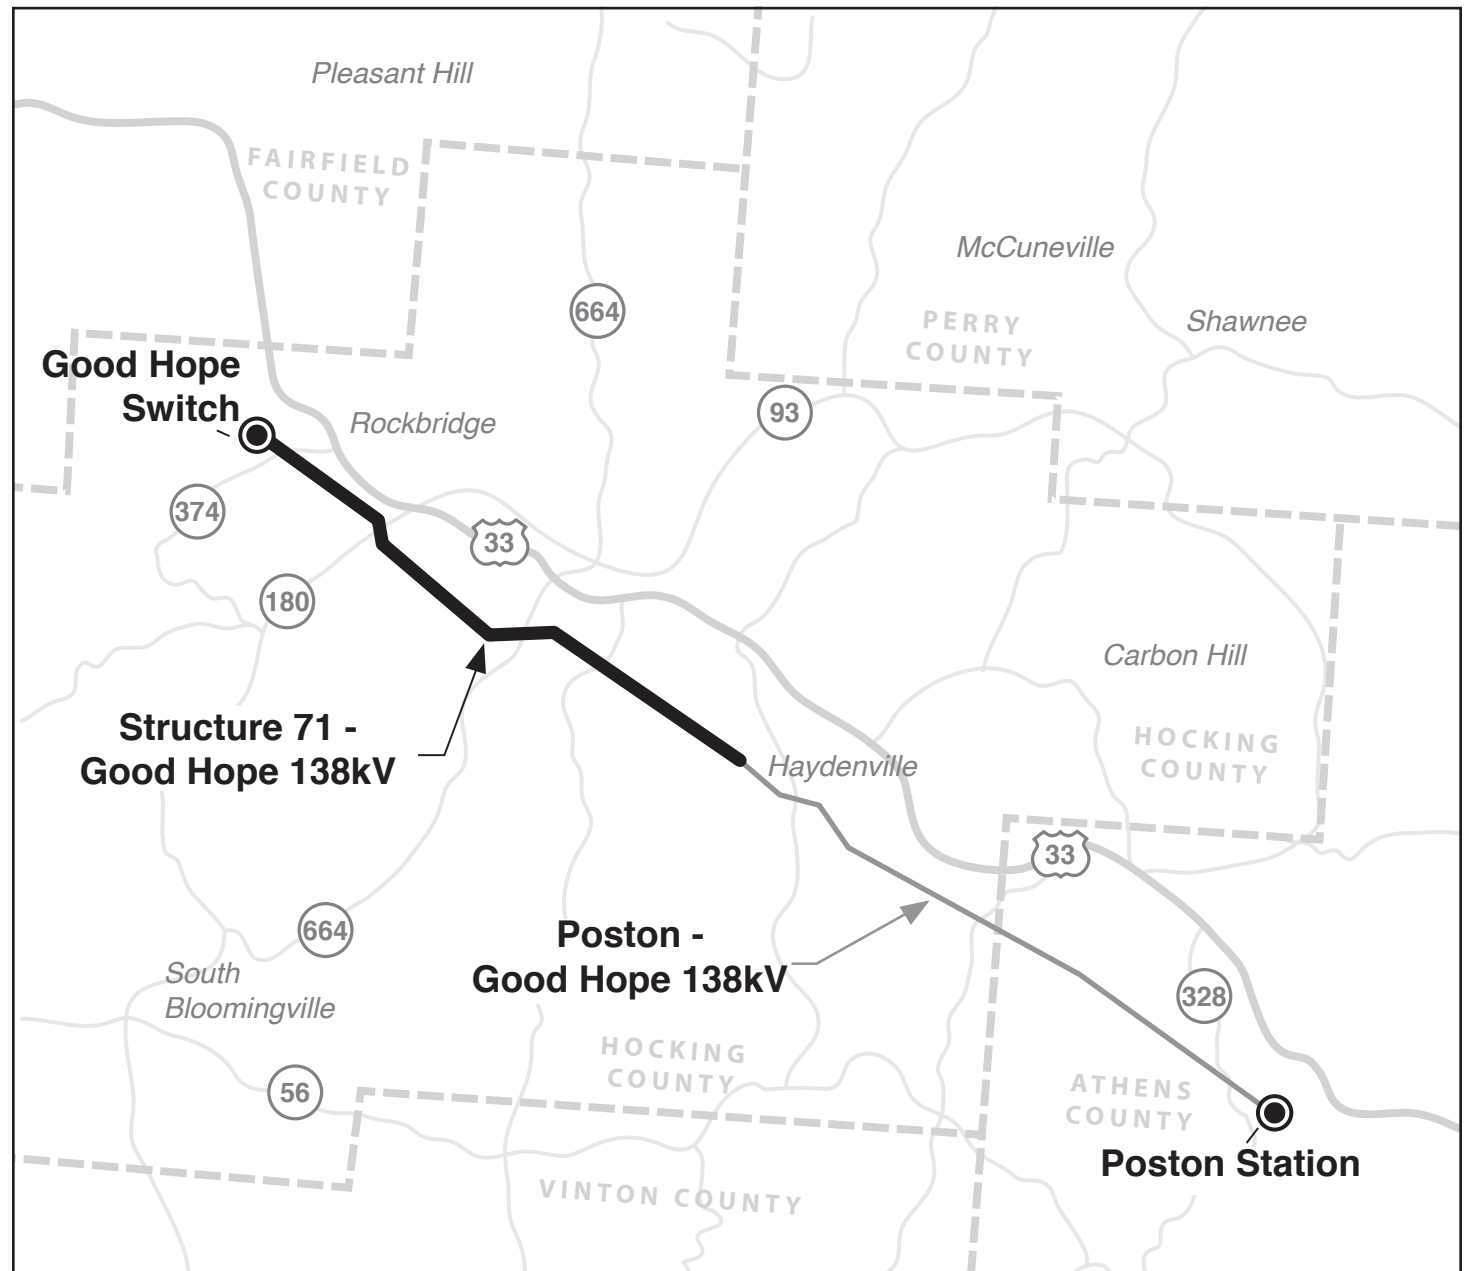

Petitions to intervene in the Letter of Notification will be accepted by the siting board up to 10 days following the publication date of this notice required by Rule 4906-2-12, Ohio Administrative Code. Petitions should be addressed to Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio, 43215-3793 and must cite Case No. 16-1486-EL-BLN.

The accompanying map depicts the project area. It should be noted that due to the reduced scale and limited detail, this map should be used only as a general guide. Copies of the actual Letter of Notification, including specific details about the location and construction are available for public inspection at the following locations:
