

NOTICE OF PROPOSED MAJOR UTILITY FACILITY

AEP Ohio Transmission Company, Inc., (AEP Ohio Transco) proposes to construct a new 138-kilovolt (kV) transmission line in Monroe Township in Harrison County and Orange Township in Carroll County.

The purpose of the Yager-Leesville 138-kV Transmission Line Project is to provide additional power to Utica East Ohio Midstream's gas facility. AEP Ohio Transco will build the new line using standard two-pole structures. The Yager-Leesville 138-kV transmission line will be about four miles long. This project will be an approximate \$6 million investment by AEP Ohio Transco. Construction is scheduled to begin in September 2016.

The project is known as the Yager-Leesville 138kV Transmission Line Project. AEP Ohio Transco has filed a Letter of Notification with the Ohio Power Siting Board, under Case No. 16-1114-EL-BLN. This number should be included in all communications with respect to this project. The Letter of Notification to construct, operate and maintain this facility is now pending before the board.

Petitions to intervene in the Letter of Notification will be accepted by the siting board up to 10 days following the publication date of this notice required by Rule 4906-2-12, Ohio Administrative Code. Petitions should be addressed to Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio, 43215-3793 and must cite Case No. 16-1114-EL-BLN.

The accompanying map depicts the project area. It should be noted that due to the reduced scale and limited detail, this map should be used only as a general guide. Copies of the actual Letter of Notification, including specific details about the location and construction are available for public inspection at the following locations:
